Brownfield Redevelopment in St. Clair County

In 2010, the St. Clair County Brownfield Redevelopment Authority (SCCBRA) was awarded a \$1,000,000 Brownfield Coalition Assessment Grant from the U.S. Environmental Protection Agency (EPA) to assess contaminated or ***potentially*** contaminated sites (brownfields) in St. Clair County. Its Coalition partners include: the SCCBRA, St. Clair County Land Bank Authority, the Cities of Port Huron and Marysville, and Port Huron Township. With these funds, the SCCBRA and its Coalition members will help return abandoned, underutilized and typically contaminated properties in our communities to productive use.

The SCCBRA is seeking possible sites for these grant funds. The sites you nominate may be included in a County-wide inventory that is being developed by the SCCBRA. These sites may be owned by a local unit of government (LUG) or privately held with potential interest from a developer or a need for site preparation to encourage redevelopment. Please nominate a possible site(s) in your community that may benefit from this opportunity.

Please use the form below to provide information on any sites you know of that may be challenged by contamination or are blighted or abandoned. ***Please mail the completed form to the address above, fax it to (810) 966-2892 or email it to gdonaldson@stclaircounty.org.*** This information and the survey form are also available online at www.stclaircounty.org. **You can nominate sites anonymously**- no need to provide your name or contact information.

The program for the EPA grants is a voluntary program, and the SCCBRA will NOT pursue any actions on properties that may be found contaminated. As the SCCBRA develops the list of potential sites, it will only include sites that are part of the public record with respect to environmental issues, and/or the property owner approves of the site being included on the list.

Your assistance with this request is greatly appreciated. If you have any questions, please do not hesitate to contact Geoff Donaldson, Director of the SCCBRA, by phone at the number above or by email at gdonaldson@stclaircounty.org.

Cut on dotted line and return bottom portion.

Site Name:	<u>Community Priority</u> <input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low
Site Address or Location:	
Tax Parcel No:	
Current Owner:	
Former Owner(s) of Significance (e.g., the former manufacturer):	
Is there KNOWN environmental contamination at the site? Is property blighted or abandoned? If so, please explain.	
Is there existing or potential developer interest in this site and/or adjacent sites? If yes, please explain.	
Please attach any pertinent information such as site survey, tax assessment information, or other records that help identify the site.
